AUDITOR'S CERTIFICATE.—From William D. Morgan, State Auditor, has been received in due form, legally authorizing the undersigned as agent to transact business until 31st July, 1855, and is on file with the Clerk of the Common Pleas Court.
All that have property to insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in its line of transactions, and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance offices if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.
The increase of its capital stock to \$500,000 is a bona fide cash addition to the strength of the corporation, and a permanent investment for the pledge and security of its policies.
The necessity and real benefits of insurance are well exemplified in the fact that the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of \$246,509 08, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, rates favorable rates and terms, as security will permit.
A. J. WRIGHT, Agent.

JOHN P. LYLE is the authorized Agent of the Company in Vinton county, and all applications for insurance in that company, are to be made to him. The rates are as low as consistent with the risk, and no sound company will accept any other.
A. J. WRIGHT, Agent.

PORTSMOUTH, OHIO.
HAVE the pleasure of announcing to the trade in general, that they are now filling their large shoe warehouse, with a more abundant stock than ever, direct from the hands of the best manufacturers East, and their own workshops at home; consisting of a great variety of the best class of goods suited to the wants of this country for the Fall Trade. All dealers at WHOLESALE are earnestly invited to call before purchasing, and examine for themselves their extensive stock, now on hand, and still coming in, as they feel assured of their ability to please in quality and price. Their largely increased trade affords one evidence of the favor with which their manner of doing business has been received, and while they testify to the liberality of their patrons and friends, they reiterate the assurance that they will spare no pains to render entire satisfaction. Their stock is large, manufactured mostly in their own shops, and by contract to their order. Their facilities for doing a large business are abundantly ample. They sell only at wholesale, have but one price, and will warrant all their goods as they represent them. An examination of their goods and prices, is respectfully solicited.
